† Daily Value (DV) not established.

INGREDIENTS: Butyric Acid. Calcium Hydroxide, Magnesium Hydroxide and Diglycerides.

No yeast, no wheat or corn, no soy, no dairy products, no artificial colors or resins.

Suggested Use: 1-2 capsules with each meal. Each capsule contains at least 600 mg. butyric acid as calcium/magnesium butyrates.

“Short-chain fatty acids (SCFA), particularly butyrate were shown to regulate cell proliferation in *vitro* and *in vivo*. Indeed, butyrate is the major fuel for colonic epithelial cells, and it can influence cell proliferation through the release of growth factors or gastrointestinal peptides such as gastrin, or through modulation of mucosal blood flow. Lastly, SCFA can act directly on genes regulating cell proliferation, and butyrate is the main SCFA to display such an effect.”
(Herve M. Blottiere, 2003)*
